

Healthy San Francisco

Our Health Access Program

Healthy San Francisco is a health care program exclusively for people who live in San Francisco. And if you work in San Francisco your employer may have already paid for you to join!

***Healthy San Francisco* provides you with:**

- **Personal Doctor**
- **Prescription Medicine**
- **Hospital Care**
- **Other Medical Services**

For more information visit:

If you are an uninsured worker in San Francisco, **there is no reason for you not to have access to health care.** San Francisco employers are required by law to contribute to the health care of their employees. One of the ways your employer can comply is to make a deposit on your behalf to join *Healthy San Francisco*.

Healthy San Francisco provides preventive, urgent, specialty, and emergency care, prescription medications, hospital care, laboratory tests, and may other services.

If your employer has made a deposit on your behalf to join *Healthy San Francisco*, you will receive notification in the mail about how to apply for the program.

Make an appointment to apply as soon as you receive your approval notification.

***Healthy San Francisco* enrolls on a first-come, first-served basis.**
